

Is proud to present:

## **FIX A TEST: Tips from the Judge**

**Clinic Date: Saturday, August 16, 2025**  
**Douglas County Fairgrounds, Castle Rock, CO.**

***Clinician: Julie Haugan***

***R rated Judge, WDAA World Champion, and Trainer***

**Julie Haugan** has over 30 years' experience training multiple breeds and all levels of riders.

She has won or helped clients win over 45 National and World titles in the Morgan breed and Western Dressage arenas.

The principles of dressage are at the core of her passion for helping the horse and rider become the best team they can be. Her biggest pride is seeing her clients succeed in the arena, both at home and at shows.

**Do You notice that other riders at your level seem to face similar challenges?**

**And how can those scores and comments set us up for a better ride next time?**

Come join us as Julie Haugan helps riders and auditors take a closer look at what a Western Dressage judge is looking for at various levels. Julie is a USEF WD judge, trainer, and competitor. She has personally taught, judged, and won world titles through Level 3.

Julie will explain the movements and requirements of each level. Demonstration riders will ride them, providing visual examples. Participants will then have options to ride a whole test, have it scored, and get feedback as they work on parts that will be the most helpful to refining future rides.

Bring your questions as discussion is welcomed! This clinic will help you become more aware of what will improve your scores and create a better game plan for your test ride and your future in Western Dressage!

This is a great clinic for Auditors! You will get to see riding examples of test movements and hear Julie explain them in real time.

**Clinic Schedule:** 8 AM – 5 PM (broken into 2-hour sessions)

**Morning:** Level 1 and above riders

**Afternoon:** Introductory and Basic Level riders

Specific ride times will be provided after registration has closed.
