TWO-DAY CLINIC WITH CODY HARRISON | CH EQUINE

Join us for an incredible two-day immersive clinic!

When you work with Cody, you'll learn to truly *feel* your horse — physically, energetically, and emotionally.

Cody takes a whole-horse approach, considering posture, comfort, balance, confidence, and willingness, along with your own position, mindset, and communication.

The result is a partnership built on **empathy, clarity, and trust**.

Cody does an exceptional job of assessing the individual needs of every horse and rider.

With a wide range of rider levels and horse experience, each participant is taught according to their own ability, confidence, and knowledge.

Don't miss this opportunity to strengthen your partnership and take your dressage training to the next level!

CLINICIAN: CODY HARRISON

At **CH Equine**, our mission is simple: to support you and your horse on your unique journey.

Cody partners with riders and horses of all backgrounds — from beginners to advanced — to build clarity, confidence, and true partnership.

His clinics are centered on the individual horse-and-rider team, helping you discover what best suits your horse's body, mind, and temperament, as well as your goals and learning style.

There is no single system that fits everyone.

Your journey is your own, and it should stay that way.
